

## Paula Turner appointed Chief Technology Officer, ICC Solutions Ltd

Global secure payments specialist, ICC Solutions, is delighted to announce that, with immediate effect, Paula Turner has been appointed Chief Technology Officer (CTO).

Paula has over 30 years' experience in the payments industry and has spent over 20 years of that time with ICC Solutions. The new role will complement her current position of General Manager – a title that she will continue to hold, giving her authority to make technical, business and governance decisions in the absence of the Directors.

Over the past 18 months, in conjunction with leading the technical team, Paula has been in a leadership role for critical corporate projects such as GDPR, compliancy, security reviews & implementation and audits. Due to Paula's leadership with these important strategic and mandatory projects, she has ensured the company is in a strong and stable position going forward.

“I'm delighted that Paula has been appointed Chief Technology Officer at ICC Solutions. This is a reflection of Paula's absolute professionalism and commitment in establishing our technical vision and leading all aspects of our technical development. Paula also works very closely with other departments to advise on technologies that may improve their efficiency and effectiveness. Paula's technical skills and determination ensure we flourish with an innovative research and development environment on leading edge technologies. Paula's strategic technical leadership and close working relationship with the Directors will ensure the continued growth of the company.”

Dave Maisey, Managing Director / CEO, ICC Solutions Ltd
